TARRANO THE CONQUEROR

*"the most unique story of
the future ever written"*

Ray Cummings

Tarrano the Conqueror

In "Tarrano the Conqueror" is presented a tale of the year 2430 A.D.-- a time somewhat farther beyond our present-day era than we are beyond Columbus' discovery of America. My desire has been to create for you the impression that you have suddenly been plunged forward into that time--to give you the feeling Columbus might have had could he have read a novel of our present-day life.

To this end I have conceived myself a writer of that future time, addressing his contemporary public. You are to imagine yourself reading a present day translation of my original text--a translation so free that a thousand little colloquialisms will have crept into it that could not possibly have their counterparts in the year 2430.
